I am a Front-end web developer with the following technical expertise in HTML, CSS, JavaScript, Wordpress, TailwindCSS, ReactJS and Bootstrap(frameworks/libraries). Passionate about technology, I excel at creating responsive and user-friendly web interfaces, always staying updated with the latest trends. I'm quick in learning new technologies and using them when needed in the workplace. I'm also a Tech Teacher, I've been teaching both kids and adults anything computer, digital skills and programming.
